Young and Adorable - The Impact of Children in Ads

Dr. Vinod Chandrashekhar Dixit
Free-lance Journalist, Writer & Cartoonist
(dixitpatrakar@yahoo.in)

It is alarming there is a steep rise in crimes against children in just a year .It is not that there is a sudden increase in crime against children but the reality is that such cases are being reported more now as people are coming out and speaking about it. It clearly shows that crimes against children tend to be local crimes with the vast majority taking place within the home or family circle.Trafficking of minor boys and girls has also increased -these children are trafficked for labor, begging as well as sexual abuse. One can observe that Social values have degraded over the years. The high inspiration of the parents and when the children fail to live upto the expectation, they take the wrong path because of which other youths of their age fall victim to their wrongdoings. Children have always been a soft target both because at times they are not much aware of the fact that what is happening to them is wrong. If at all they are aware of it, then they are scared to speak about it.

Teen Crimes has become a routine affair in metro cities. Children have no patience and don't want to struggle. They want everything instantly. In our city, easy money is seen everywhere and this is spoiling our youth. The power that comes along with the money makes these youth aggressive, many of whom end up committing crimes. The crime rate in children has been drastically increasing. Many cases like sexual assaults and minor rapes go unreported and the youngsters feel free to commit the same again. Even the judicial system shows leniency towards the accused and no stern action is taken. The percentage of teenagers who are engaging in crime is so high that it seems to be a cause of worry. But most of the crime conducted by teens is of non-violent behaviour. Hence, their cases are handled less harshly and they are given a chance to re-invent themselves.

Providing children with the opportunity to develop positive behaviors is the foundation of most efforts to prevent Teen crimes. Some teen lack healthy parental guidance and monitoring. While some teen have cognitive and psychological deficits that make social and academic success difficult. Preventing teen crime before it happens is the best way to protect the society. What kind of environment he is getting at home and in his neighbourhood determines his fate. In order for a child to grow up in a balanced way, it is very important that he or she is nurtured well by his or her parents.

What we need is right from early childhood, kids should be taught about the sensitive issues and the lawmakers too should enact and follow strict laws to curb this menace and keep the kids safe. Weak legal system is yet another lacuna which adds to the menace. **(B-15 Jyoti-Kalash Society, Jodhpur Tekra, Satellite, Ahmedabad - 380 015)**

Uncle cheated nephew until he died

Uncle absconded after killing nephew in land dispute in Torania village of Hadad, live video of murder goes viral

Ambaji

A personal land dispute has taken a bloody turn in Hadad taluka of Banaskantha district. A man from Torania village fatally attacked his own nephew with a stick and a bat, leaving him to die, creating a stir in the entire parish. The live video of this heartbreaking incident went viral on social media, causing immense anger and outrage among the people.

A bloody game was played in the middle of a public fair.

According to information received, a traditional 'Gorna Mela' was organized in Nawawas Kant village under Hadad police station area. While thousands of people were enjoying the fair, an old land dispute led to a fight between uncle and nephew. Accused Nopabhai Phulabhai Taral, a resident of Torania village, got angry and started attacking his nephew Kanabhai (Karanbhai) Taral with a cricket bat.

The accused , who died before reaching the hospital, had inflicted serious injuries on his nephew's head and body. The seriously injured Kanabhai was immediately shifted to Ambaji Civil Hospital through 108 ambulance.

However, the injuries were so serious that the doctors on duty declared him dead after examining him. The family is mourning the death of the uncle over a momentary impulse and a piece of land.

Live video of murder goes viral

The most shocking thing about this incident is that when the accused was attacking with a bat, someone had taken a video of the entire incident. This video has gone viral on social media, in which it can be clearly seen how the accused is attacking brutally. Based on this video, the police have also identified the accused.

Police set to work to catch the absconding murderer uncle.

Considering the seriousness of the incident, Danta Division DySP V.B. Barad said that on May 4, a murder incident took place in Hadad Police Station area due to a land dispute. Accused Nopabhai seriously injured his nephew Karanbhai with a bat, resulting in his death. The accused is also clearly seen committing the crime in the viral video. The police have registered a case of murder in this matter and have formed separate teams to arrest the accused.

Currently, Hadad police are planning to conduct a postmortem on the body and hand it over to the family, and have expressed confidence that the accused will soon be in police custody.

Highest ever result of 83.86% in Std-10

Gujaratis are raw in Maths and Science, more than 2 lakh students failed, merit in Science will go down; Girls did it again

Ahmedabad

May 6 in Gujarat, the total result of the Std-10 SSC examination has been declared as 83.86%, which is the highest result so far. In which the result of female students is 88.28%, 8.16% ahead of the male students. In the district-wise result, Narmada district has ranked first in the state with 90.85%, while the result of Panchmahal district has recorded the lowest result of 76.42%. In the center-wise result, Ajol center of Gandhinagar district has secured the top position by getting 100% result, while the result of Munkhosla center of Dahod district has been at the bottom with 33.74%.

A total of 7,56,392 regular students appeared in this examination, out of which 6,34,327 students have been declared successful. 1,697 schools in the state have registered 100% results, while 39 schools have registered zero percent results. According to the medium, the result of English medium has been recorded as 92.50% and the result of Gujarati medium has been recorded as 82.67%. For the failed students, a supplementary examination will be held in June-2026 with the 'Best of Two' method.

Last year, there were 1574 schools with 100% results, which has increased to 1697 schools this year with 100% results. So last year, 45 schools had 0% results, which has decreased to only 39 schools this year with 0% results.

With 1 lakh 6 thousand 504 students failing in basic maths and 94,645 in science, the number of students taking admission in science will decrease. Due to which the merit list is also likely to remain low. Thus, if someone wants to take admission in science, then admission will be easily available.

Class 10th result Supplementary examination in June for 1,83,674 failed students

A total of 1,83,674 students have failed in the declared results of the Class 10 SSC examination, which includes 1,22,065 regular students, 44,806 repeater students and 16,763 GSOS (private) students. The supplementary examination will be re-organized by the education board in June for the failed students and students will also get the opportunity to appear for the examination again under the 'Best of Two' scheme, so that they can improve their results.

The highest number of students failed in basic mathematics is a matter of concern: Muktak Kapadia

In the results of standard 10, the highest number of students have failed in basic mathematics. Regarding why the highest number of students have failed in basic mathematics and what its impact will be in the coming time, educationist Muktak Kapadia told Divya Bhaskar that the overall result has gone up is a very good thing, but the fact that the highest number of students have failed in basic mathematics is a matter of great concern. There is a great need to prepare students from the grassroots level. If the foundation of mathematics is strengthened from primary, no student can fail in mathematics in standard 10. Many times, students are taken to the next standard to maintain the numbers.

'There are more seats in science and fewer students'

Muktak Kapadia further said that students should be at the center of education, unless they come, such results can be seen. Gujarat is also ready to host the Commonwealth and Olympics. At that time, it is very important to strengthen the basic foundation of students.

While there are more seats in science and fewer students, there are more seats in engineering and less demand from students, so there may be many vacant seats there too. Due to the higher results this year, the merit for getting admission in science in schools will also go up.

This time the board result in Surat is 86.4 percent.

This time the board result in Surat has been recorded at 86.4 percent, in which a total of 81,652 students appeared in the examination and out of them, 6,475 bright stars have achieved shining success by obtaining A1 grade. As soon as the results were declared today, a Diwali-like atmosphere was seen in many families, where many parents could not hold back tears of joy after seeing the achievements of their children. Especially the children of Surat's jewelers have performed well even in adverse circumstances, which is a matter of pride for the city.

78.38 percent result in Vadodara

Vadodara's result of last year's standard 10 was 76.65 percent, this year it has come to 78.38 percent. This result is higher than last year. 38,369 students were registered in Vadodara.

Out of which 37,993 students gave the exam. In this result, 1582 students have excelled in A 1 grade.

88.11% result in Rajkot

Rajkot's results are showing a gradual increase. In the year 2024, 85.23%, in the year 2025, 87.19% and this year, 88.11% result has been declared.

Patan district's Std-10 result is 83.27%

The average result of Patan district is 83.27 percent. Out of the total 15,107 students registered in the district, 366 students have achieved A1 grade with excellent performance.

Father throws 1-year-old innocent son to die

Morbi, In a very tragic incident that took place near Susvav village in Halvad taluka, the police have made a shocking revelation. It has been revealed that none other than his biological father was responsible for the decomposed body of a one-year-old child found in the acacia bushes on the banks of the river. The police have registered a case against the wrongdoing father and are working to arrest him.

The body of a one-year-old innocent child was found among the acacia bushes on the banks of a river near the crematorium near Susvav village. On May 2, the body of a one-year-old child was found among the acacia bushes on the banks of a river near a crematorium near Susvav village in Halvad. The body was in a decomposed state due to the scorching summer heat. As soon as this was reported, a convoy of Halvad Taluka Police reached the spot and sent the child's body for forensic postmortem (PM) and started an investigation. Explosion in police investigation - A detailed investigation conducted by PSI A.B. Mishra and his team revealed that the child's father abandoned him on April 24 at around 2 pm. The child's name was Navshik. His father Bhaylu alias Raju Tersingh Bamania (aged 24) was behind his murder or abandonment.

The accused is originally from Dahod and was currently working as a laborer in Hamirbhai's farm on the outskirts of Raisangpar village in Halvad.

The tragic end of four marriages and family strife

The police investigation has revealed some shocking facts about the accused's personal life: Four marriages: Accused Bhaylu alias Raju has married four times so far. Child of the third wife: The deceased child, Navshik, was the child of his third wife, Rangaben. Domestic turmoil: After his divorce from Rangaben, Raju took responsibility for the child. However, there were frequent fights with his fourth wife regarding the care and supervision of the child. Tired of this family turmoil, Pashan Hriday's father decided to take his innocent son away from the path. He ruthlessly abandoned the child in the acacia bushes near the Suswavni River and fled. Child dies of starvation and heatstroke A one-year-old innocent child, Ribai Ribai, died due to the scorching summer heat and severe hunger and thirst, being left alone in a deserted place.

Illegal abortion racket busted at Surat's Mamta Multi-Specialty Hospital

Pharmacist conducting illegal pregnancy tests and operations, crime registered; hospital sealed

Surat

It has been shockingly revealed that the network of illegal pregnancy testing and foeticide has once again flourished in Surat. Pharmacist Ramgopal Khandelwal, who was caught in the crime of illegal pregnancy testing and abortion in Varachha 6 months ago, instead of reforming, had again started a big racket in the same area in the name of a new hospital.

On receiving specific information about this, the Surat District Health Department, along with the Chief District Health Officer's team, raided the hospital along with the Varachha Police. During the raid, three pregnant women who had come to get an abortion from the place were found, creating a huge stir in the entire medical world. In this matter, the Varachha Police has registered a case against Pharmacist Ramgopal Khandelwal under the PC & PNDT Act and has taken legal action. And the Health Department has sealed the hospital.

The surprising thing is that Ramgopal himself is not a qualified doctor, just a pharmacist, yet he himself used to perform abortion operations on innocent patients coming to the hospital. Based on this serious information, the health department team planned and conducted a surprise raid on the hospital.

The Chief District Health Officer has created a whole black market in the name of 'Mamta Hospital'.

Anil Patel had raided with his team. He had received very private and accurate information about the 'Mamta Multi-Specialty Hospital' located near Labheshwar Crossroads in Varachha area. The information was that pharmacist Ramgopal Kishan Khandelwal, who had served time in jail in the past for illegal pregnancy testing and miscarriage racket, has become active again. He is also the administrator of this Mamta Hospital.

The female employee who was collecting garbage broke the lid of Ramgopal's sin.

When the health department team raided the first and second floors of the hospital, there was a huge commotion there. During the investigation, two female employees and three pregnant female patients were found in the hospital. When the team strictly questioned the female employee who was collecting garbage in the hospital, she blurted out the truth like a parrot. She confessed that Ramgopal Khandelwal himself used to perform operations on the women who came here. After this confession, the black deeds of pharmacist Ramgopal were exposed and the matter became very clear.

Nurse caught, 24-year-old pregnant patient from Vyara escapes

It has come to light that one of the three pregnant women found during the raid is from Vyara and the other from Shirpur. All three women admitted to the health officials that they had come here to get an illegal abortion. After recording the statements of these women, it was very necessary to conduct a medical examination of them, so the health department immediately called 108 ambulance so that they could be shifted to the Civil Hospital. However, taking advantage of this entire commotion and chaos, the 24-year-old pregnant patient from Vyara escaped from there. While the remaining two women have been admitted to the New Civil Hospital.

SYMBOLIC POSSESSION NOTICE
