Bail application of MLA Chaitar Vasava, who has been in jail for two months, rejected

High Court said – despite getting conditional bail earlier, he committed a crime, people have a misconception that those in power get released

Ahmedabad

The High Court has rejected the bail application of AAP MLA Chaitar Vasava from Dediapada in Narmada. The court said that earlier he was released on the condition that he would not violate the bail conditions, but he has been involved in crime. There is a misconception among the common people that those in power are released.

Narmada police had registered a case against Chaitar along with his wife Shakuntala Vasava and the accused under sections 143, 141, 149, 186, 294, 353, 386 of the IPC and section 25 of the Arms Act for calling a forest department officer to his house for a land dispute and firing in the air. After that, the Narmada court sentenced a total of 9 accused including Chaitar Vasava and his wife Shakuntala Vasava to 7 years in prison. After that, they were sent to Vadodara Central Jail on June 23, 2026. Thus, they have been in jail for two months.

What is the whole matter?

Earlier, in the bail applications before the Narmada Court's verdict in the same case, it was submitted that there were some vacant places in the forest. Where the people living in the village had sown cotton. The forest officials had vacated that place and sold the goods in the open market. Due to this, the villagers approached Chaitar Vasava with the demand for compensation. So Chaitar Vasava held a meeting with the forest officials. In which the forest officials agreed to provide compensation and the dispute ended. But later, on the advice of a higher official of the forest department, a police complaint was registered.

MLA Chaitar Vasava threatened the forest department officials and demanded a compensation of Rs 60,000. The MLA threatened to break his limbs and abused him. Chaitar Vasava also asked a person from his under-construction house to bring a revolver, after which he fired one round in the air. After threatening and beating the forest department employees, the employees withdrew the amount from their account through ATM and paid it to the farmer.

5 convicts including MLA Chaitar Vasava's wife Shakuntalaben granted bail

Some convicts, including MLA Chaitar Vasava's wife Shakuntala Vasava, had filed an application in the High Court.

Following which the High Court granted bail to 5 convicts, including Shakuntala Vasava, on July 22, 2026.

Two more deaths in Latha incident today, death toll 13

A youth originally from Mahisagar died at Sir T Hospital in Bhavnagar and another at a private hospital, five deaths in two days

Bhavnagar

Two more people have died in the Bhavnagar lynching incident today, August 23. So far, this lynching incident has claimed 13 lives. For the last few days, Mukesh Damor, originally from Mahisagar, was under treatment at Sarti Hospital in Bhavnagar. However, due to his serious condition, he was kept in the ICU. But today, the young man lost his life during treatment. So, a person named Bhargavabhai Upadhyay, who lives in Sagwadi, Kaliyabid and works in a private bank, has also died during treatment at a private hospital. Still, 3 patients are under treatment at the civil and private hospitals in Bhavnagar.

A man was caught with a bottle of Royal Stag Superior liquor. The Vartej police have caught Jaikishan Dangar of Kamalej with a bottle of Royal Stag Superior liquor. During interrogation, he had taken five boxes from Hardeep Mori of Vartej for Rs. 8500 per box. However, since there was a smell in them, Hardeep hung up the phone when Jaikishan asked Hardeep Mori to take the goods back. Some of the bottles were sold. When the Latha incident came to light on August 18, 5 bottles with him were destroyed in the bushes.

Vartej police have registered a case under the Prohibition Act against Jaikishan Paddy and Hardeep Mori, who supplied the liquor. Teams have also been deployed to arrest Hardeep Mori.

Jaikishen was produced in court to investigate whether the liquor bottles found by the police were fake or genuine, and his remand was approved for 4 days.

The young man was working in a company in Bhavnagar.

Mukesh Damor, 35, originally from Bugad village of Santrampur taluka, was working as a Hitachi machine operator in Bhavnagar for the last few years. His family also has a six-month-old son and a two-year-old daughter. Before August 18, Mukesh Damor had consumed alcohol with his friend. After which his health deteriorated and he was shifted to a private hospital.

Friends made a video call and informed that Mukesh was in the hospital.

The deceased's uncle Laxmanbhai Damor says that I received the news that my nephew's health was bad on August 18. His friends made a video call and informed that Mukesh was in the hospital and was kept on oxygen. As soon as we received this news, we rushed to Bhavnagar in a private vehicle from Mahisagar.

'The government should take the lynching incident seriously'

However, Mukesh's condition was serious, so he was transferred to another hospital. He remained hospitalized there for two days. However, when the condition did not improve there either, he was shifted to Sir T Hospital. The government should take this lynching incident seriously. I feel that the officials do not believe the government.

This methanol-rich liquor was prepared at Gautam Solanki's house.

Bootlegger Gautam Solanki had called a gang from Madhya Pradesh to make liquor. All the accused together made liquor in three stages. Gautam Solanki and a man named Raish from Ujjain together bought methanol, white liquid material, empty bottles, lids and Royal Stag stickers from different areas of Ahmedabad and brought it to Vartej by transport. Narendra Singh Yadav alias Doctor was specially called from Ujjain to make liquor. He along with Saras, Ganesh and Aman prepared this methanol-rich liquor at Gautam Solanki's house.

How much methanol is dangerous?

Alcohol becomes toxic due to excess methanol. Then, when methanol is metabolized in the body, it forms formaldehyde and then formic acid, which is a poison. As soon as it enters the body, it first affects the brain and eyes. Then other organs of the body stop working and the person dies. A person dies after consuming a quantity of 15 to 500 ml.

Police Recruitment Board Written Exam for Various Posts

Ahmedabad, Use of AI for facial recognition at exam centers

Gujarat Police Recruitment Board is conducting written examination for various posts of PSI (Wireless), Technical Operator, PSI (Motor Transport) and Head Constable Driver Mechanic (Grade-1) in the state police force.

A total of 32,457 candidates are appearing for the examination at 952 examination centres in Ahmedabad city and rural areas. Out of which 20,613 candidates are appearing in 688 blocks of 69 schools-colleges in Ahmedabad city and 11,844 candidates are appearing in 264 blocks of 27 schools-colleges in Ahmedabad rural areas.

Exam Schedule and Marking System

PSI (Wireless) and Technical Operator written exam is of 200 marks from 9.30 am to 12.30 pm. While PSI (Motor Transport) exam is also of 210 marks from 9.30 am to 12.30 pm. Head Constable Driver Mechanic (Grade-1) exam is to be of 210 marks from 3 pm to 6 pm. All the exams are being conducted through MCQ method. Candidates are required to secure at least 40% marks in both Part-A and Part-B separately to pass. Minus marking system has also been implemented for wrong answers in the exam.

AI Technology and Tight Security Arrangements

Multiple security layers have been prepared by the Recruitment Board to ensure that there is no malpractice in the examination and the entire process remains transparent. More than 1,100 police personnel and more than 1,500 education department employees have been kept on duty in the examination system. AI technology has been used for facial recognition at the examination centers to identify the candidates. All vehicles transporting the examination literature are being monitored live through GPS from the control room at Karai. Admission has been granted after verifying the original documents of the candidates.

Candidates preparing for the exam with jobs are enthusiastic.

Candidates named Darshan Chauhan from Ahmedabad and Tushar from Vadodara, who came to take the exam, said that they have been preparing for this exam for the last 3 to 6 months by properly managing their time along with their jobs. They are taking the exam with positive energy by allocating more time during holidays and by emphasizing on general ability and technical subjects.

Suspicious BP medicines smuggled into Ahmedabad from Lucknow

Ahmedabad

The Food and Drug Regulatory Authority is investigating the supply of suspicious medicines in Ahmedabad. More than 30 medical stores and pharma agencies are being inspected in cities including Ahmedabad, Nadiad, Bhavnagar and Surat.

During the investigation, 1250 suspected tablets of high blood pressure medicine Nicardia Retard-10 were seized.

In addition, various suspected medicines including Silakar worth approximately Rs. 1.70 lakh have been confiscated and their samples have been sent for testing.

The investigation, which began on August 19, received information about batch number ACG25007 of Nicardia Retard-10 manufactured by J. B. Chemicals of Bharuch. After the suspicion that the medicine of this batch was fake, an investigation was started at various places including Ahmedabad. 590 tablets were recovered from the Parshva Medical Agency of Paldi.

The suspect drugs were supplied to Satellite's Lilavati Pharmacy and the supply chain of the suspect drugs has also come to light in the preliminary investigation. According to the investigation, the drugs came from Sena Pharmacy in Lucknow to Parth Medical Agency in Paldi, Ahmedabad. After that, it has come to light that they were supplied to Lilavati Pharmacy and Wellness Pvt. Ltd., Satellite through Paras Ecomed, Satellite and Sanand Medical Store.

Medicine and its use Nicardia Retard 10 and 20: Used to control high blood pressure, heart-related chest pain, i.e. angina.

Silacar-TM 50: Used for blood pressure control in patients with high blood pressure.
