CoinSwitch Releases India's First Comprehensive VDA Handbook

Ahmedabad, CoinSwitch, India's largest crypto trading platform, today announced the launch of Virtual Digital Assets Decoded, the country's first comprehensive handbook designed to help Indian law enforcement agencies, cybercrime units, and policymakers to navigate through the rapidly evolving VDA ecosystem. With crypto adoption accelerating across India, police and cybercrime units are increasingly facing

complex cases involving digital assets. Recognizing this urgent need, CoinSwitch has developed the handbook to simplify VDA concepts and provide practical guidance for on-ground investigations. The handbook will be distributed across key police stations and cybersecurity units nationwide, ensuring frontline officials have direct access to the tools and insights they need. Commenting on the launch, Mr. Ashish Singhal, Co-founder & CEO of CoinSwitch, said: "India has emerged as a global leader in grassroots-level crypto adoption, ranking first in the Global Crypto Adoption Index for the third consecutive year in 2025. With this growth comes a responsibility for service providers to safeguard consumer interests and foster a safer, more inclusive crypto ecosystem. This handbook is our contribution to that mission." Gujarat begins long-pending process to set up Climate Change University

Ahmedbad, After months of inaction, the Gujarat government has finally initiated the process of establishing the state's proposed Climate Change University, a project first announced in the 2024-25 Budget. Although the university falls under the Climate Change Department, all groundwork and procedural steps are now being handled by the Gujarat Energy Development Agency (GEDA). GEDA has issued a notification inviting applications for the appointment of a registrar on an outsourced, temporary basis to begin the legal and structural groundwork for the university. The move has triggered discussions in academic circles, as the registrar is traditionally a permanent post in any university.

Sanjay Agarwal, Founder, MD & CEO, AU Small Finance Bank on MPC announcement

Ahmedabad, "In anticipation of external uncertainties casting shadows on India's growth prospects in the second half of 2025-26, the Monetary Policy Committee unanimously decided to cut the Repo rate by 25 basis points to 5.25 per

cent on December 5, 2025, which is growth-supportive and proactive. In continuation of RBI's developmental and regulatory policies announced on October 1, 2025, today's rate cut decision will supplement the government's recent initiatives like GST rationalization, tax breaks, notification of labour codes, etc., to minimize the adverse impact of global headwinds. Further, RBI's decision to provide adequate liquidity through OMO purchases of Rs. 1,00,000 crores combined with liquidity neutral sell-buy swap of US\$ 5 billion in December will support monetary policy transmission, reduce cost of credit, and augment credit demand. The MPC used the available policy space at an appropriate time in perfect coordination with fiscal policy as the inflation expectations were benign."

Shatir gang of thieves' new modus operandi exposed
Putting double gum in the cash dispenser of ATM machine, customer not getting money when going to withdraw cash; Four arrested

A unique modus operandi of defrauding customers by stealing money from a UCO Bank ATM in the Sachin area of ??Surat has been exposed. The Sachin police have taken action in this matter and have nabbed four accused and have also seized the stolen cash from them, although the suspicious activities of the gang of thieves were captured in the CCTV of the ATM machine room. On the other hand, the police nabbed the accused and also did a live demo at the scene.

According to information received from police sources, when a customer came to withdraw money from the ATM,

the money was not coming out of the machine, this gang of accused used to put a double gum strip on the cash dispensing slot of the ATM machine of UCO Bank. When a customer tried to withdraw money from the ATM, the notes coming out of the machine used to get stuck in this gum strip. The customer thought that there was some technical fault in the machine or the money was not coming out. After the customer left the ATM cabin empty-handed, these gangs would immediately come there, remove the notes stuck with the gum strip, steal them and escape. The manager of UCO Bank suspected that these

thefts were happening continuously for the last two days. Due to the mess in the ATM, he reached the ATM cabin for a routine check. During the routine check, he found a black strip with double gum in the dustbin. Which pointed to the method of theft. The manager immediately filed a written complaint at the Sachin Police Station, based on which the police immediately started the investigation. The police first checked the CCTV footage of the ATM cabin. It was clearly seen in the footage that an unknown person was doing suspicious things near the cash dispensing of the ATM machine. Apart from this, early

the next morning, another person was seen tampering with the machine in the same way, so the police, realizing the seriousness of the matter, laid a trap to catch the accused. Based on the CCTV footage and other technical surveillance, the Sachin police have achieved great success in catching this gang.
